NORWICH UNIVERSITY COLLEGE OF THE ARTS

TUESDAY 1ST NOVEMBER - SATURDAY 26TH NOVEMBER
12PM - 5PM CLOSED SUNDAY AND MONDAY

EXHIBITION OPEN TO THE PUBLIC - ADMISSION FREE

SCHOLARSHIPS AND BURSARIES

A scholarship or bursary can help to relieve the financial pressure of studying for a degree. Being awarded a scholarship or bursary can give a student a confidence boost; to know that someone recognises and values their potential, can be extremely inspiring.

THE GALLERY

Donations received for The Gallery allows us to attract the best touring shows and to enable students and staff to exhibit their work in a professional gallery space. The Gallery is open to the general public and at present receives no external funding so the generosity of alumni and other friends really does make a difference.

GENERAL DEVELOPMENT FUND

A donation to the general development fund will mean your gift will be used where it is needed most. Contributions can help towards funding new equipment, updating and enhancing facilities, workshops and resources across the University.

Supporting current and future creative practitioners

Norwich University of the Arts (NUA) continues to thrive as a leading specialist institution with a community of 2,000 students and academics. As we head towards our 170th anniversary in 2015, the University continues to expand and our present challenge is to secure long-term sustainability. We want to continue to grow and develop, to offer the best possible experience to our students and prepare them for entering the creative and cultural industries upon graduation.

This involves significant investment in estates, facilities and equipment within the University and we need to call on our alumni, friends and other patrons to help and support us in securing the future of NUA.

THE ALUMNI FUND

The Alumni Fund at NUA was established in 2011 to allow graduates to support and enhance the learning experience of current and future students. The fund is supported by an annual call campaign during which graduates are contacted and asked to make a gift towards resources and facilities identified by the Alumni Fund. We appreciate that we are currently in a difficult economic climate but whatever the size of your gift, you will make a difference.

Anna Burbidge

*Winner of the Jonathan Colam-French Prize 2011
Year 3 BA Surface Design*

By receiving the scholarship I am able to be more experimental with my studio work without worrying about costs. I have been able to use digital print, laser cutting and have been producing larger scale pieces which are more expensive to create. It also allowed me to give up my part time job so I can now focus on my final year. Without the scholarship, I would not be going on the course trip to Premier Vision in Paris in February 2012. This award has given me such a boost in confidence, having someone else see my potential was brilliant. The scholarship has helped me to develop and drive my practice forward so when I graduate I am ready to go into the industry or set up my own business.”

How I have benefitted

WHY I MADE A DONATION TO THE ALUMNI FUND

We are grateful to all our alumni who have made a contribution to the Alumni Fund. Your kind generosity has enabled us to offer support to and enhance facilities for future generations of creative professionals.

Phill Cank

*Donated during the 2011 Alumni Call Campaign
BA Graphic Design (Photography) 1997*

Studying at NUA was one of the best times of my life so far and I met some brilliantly talented people during my time there. The skills I obtained and the belief in my creativity which was allowed the freedom to grow and flourish made for a time that has enriched my life enormously. I now work as a commercial photographer which I could not have achieved without the foundations laid down at NUA at the start of my career. If my donation can help another student experience, enjoy and benefit from studying at the University, then I have started to repay the debt of gratitude that I owe NUA. It's great to know I have helped to ensure the flow of truly talented graduates continues from such a great institution."

Why I made a donation

How to make a donation

If NUA has made a difference to your career and you would like to make a contribution to someone else's future, please make a donation. You can donate to the Alumni Fund at any time by completing a Donation Form, setting up a Direct Debit or you may consider leaving us a gift in your Will. More information and a donation form is available online at:

www.nua.ac.uk/alumni/supportingnua

OR YOU CAN CONTACT US AT:

OTHER WAYS TO SUPPORT NUA:

You can also help a current student in the following ways:

Becoming a Mentor
Offering a work placement
Giving a lecture on your practice
Featuring in a case study for the website

Please contact us to discuss alternative methods of support.
