

Norwich University of the Arts Course costs: BA (Hons) Fashion Communication and Promotion

The University provides an extensive range of high quality workshops with extended opening hours, hardware, software and technician support. A wide range of professional equipment is available to fashion communication and promotion students for loan from the University's Media Resource Centre, making it possible to successfully follow your course of study without making additional significant personal investment in equipment - unless you opt to do so. The University also provide a range of arts, design, architecture and media-related products at discounted rates to our students.

NUA is aware of the range of pressures on student finances, and of the need for you to be able to plan effectively over the duration of your studies. Hence the University continues to work closely with student course representatives and the Students' Union to put together a basic guide to the scale and type of costs to help you manage your budget as you follow your chosen course of study.

The variety of work produced by our creative students is huge, and whilst we have tried to indicate typical study costs, these cost indications cannot take into account individual choices you might make about your work or optional special production costs based on personal preference.

In your graduating year, your final collection, final professional portfolio or show reel is an important element not only for your final assessment, but also for your future employability; this portfolio is a key outcome that will help you make the successful transition from NUA into your chosen creative or graduate job.

Please note that Educational Study Visits that are not included in the tuition fee as these are optional enrichment activities. If you do not wish to join such activities, this will not adversely affect your studies, and your course will be able to recommend cost-neutral alternatives.

Tuition Fees

The cost of your course is determined by your status as either 'Home' or 'Overseas', so it's important to check your fee status. If you're unsure, the [UK Council for International Student Affairs website](#) will help you determine your fee status. If you'd prefer to speak to us directly, please contact registry@nua.ac.uk.

2021/22 University fees for new entrants

Students from the UK or Ireland and EU students with 'Settled' or 'Pre-Settled' status will be charged 'Home' fees if they meet the relevant residency requirements. They will usually be eligible for a tuition fee loan from the UK government, meaning that they won't have to pay NUA's tuition fees up front.

Students who do not meet the necessary residency requirements will usually be charged 'Overseas' fees and will not be eligible for the UK government tuition fee loan. For the first time in 2021/22, this will include new entrants from the EU, EEA and Switzerland who do not have 'Settled' or 'Pre-Settled' status, because the UK has now formally left the EU.

Fee status	Course	Fee
